(At this time the Club introduced a policy that all the four main positions of President, Vice-President, Secretary and Treasurer could be held for only two consecutive years before that person stepped down. It was assumed (but not compulsory) that anyone elected to one of those positions would remain for two years. The philosophy was to in-build continuity but also combat people and the club becoming stale or dependant on a few people. As will be seen many people did in fact serve their two years – but as is also obvious a core group of people did fill those main positions in rotation.)

(At this time the Treasurer, John Lynch, who had a financial services background began to use Excel as the data recording and presentation system for the Income and Expenditure Statements. Given the increasing complexity of the club's finances this reduced the work load – but ever since it has limited the number of members who could take on that position. In a few years this was a major problem of succession planning).

(The 2020 Committee had literally just been elected when COVID closed all meetings from March to the end of the year and into 2021. The Club continued digitally with monthly newsletters and updates, but no meetings were held. Limited Garden Visits began in October under COVID rules. With transitional rules from the Office of Fair Trading in place the next AGM was delayed till June 2021 with the above Committee remaining in place for a period of 18 months. A June AGM was approved in 2021 and since that date the club operates on a June to June basis. The financial year for the club however remains the calendar year so Income and Expenditure is within the one 'year'.)
