Springtime ON THE Mountain™ 2026 Open Gardens Trail

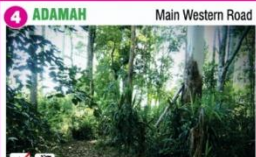

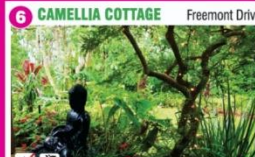

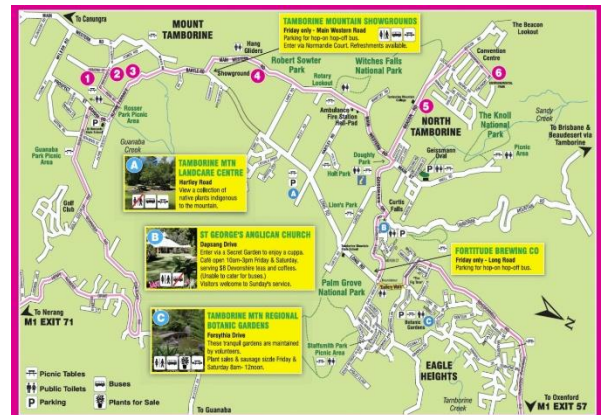

Tamborine Mountain

Friday 25th, Saturday 26th
& Sunday 27th Sept 2026
10am - 4pm

in the spectacular Scenic Rim

1 WILMONT Benowa Street  This park-like garden is steeped in the history of the early days of European settlement on Tamborine Mountain. Remnant rainforest trees and the black smithing shed hint at the history. Now the fragrant scent of roses wafts your way. Colourful annuals and perennials delight. More surprises await from the interactive wood working shed to the productive fruit and vegetable plantings. Flat, grassed, some wheelchair access.	2 FIVE TREES ESTATE St Bernards Street  Graceful camellias, magnolias and miniature agapanthus beckon on entering this broad, spacious garden. Following the grassed watercourse, gently curved mounds guide you past Banksia rose, flowering peaches, thiboutins, Dutch iris, statice, impatiens, poppies and dianthus. Pause at the formal vegetable beds before making your way to the arch bridge in the serene Japanese garden. Gentle grassy slopes, not suitable for wheelchairs.	3 CHALK HOUSE Alpine Terrace  Native plants and trees create a distinctive Australian contemporary garden. Repeated plantings of beautifully rounded westringias and casuarinas contrast peacefully against the strappy leaves of native and exotic grasses and bulbine lilies. Stroll up from the vegetable plot, past sculptures by TM Arts Collective artists to discover hidden garden rooms. Art works for sale. Gentle slopes, limited wheelchair access.
4 ADAMAH Main Western Road  Four years ago, the owners planted 1800 stock amongst remnant tallwoods and flooded gums. Today walk through this inspiring regenerated rainforest covering 2.5 acres of a former avocado farm. An ancient strangler fig stands guard over the remaining avocados and the more recently planted fruit trees. Do not miss the thriving vegetable patch and chicken run as you exit this hidden sanctuary. Flat, mulched paths, wheelchair accessible.	5 BELICIA Beacon Road  Enter via a shaded woodland, past flowering ibouchina to spy the red and purple luchsias, irises and brunfelsias. The Wisteria Walk leads to the blues, whites and greys of the intensely planted terrace garden. Beyond, raised vegetable beds, a chicken house, fruit and nut trees amongst swathes of daylilies, kniphofia and alstroemeria await. Flat, grassed with gravel and mulch paths, some wheelchair access.	6 CAMELLIA COTTAGE Freemont Drive  Grassy slopes and pathways lead past citrus trees to the arching branches of mature camellias. Majestic eucalypts create the backdrop in this established garden bordering a national park. Catch glimpses of the ranges to the west as you wander amongst clipped azaleas, giant orchids, salvia, begonias & lilies ensuring year-round colour. Gentle slopes, pathways and stone steps not suitable for wheelchairs.
