Subject: Presentation: Native Plants for Butterflies - Invitation

7/11/2026

November 7, 2026 - 2 pm — Afternoon tea at 4 pm

The Shed, 74 Billabirra Cres, Nerang

Discover how to turn your garden into a thriving butterfly haven using local native plants perfectly suited to our Gold Coast ecosystems.

In this presentation, NPQ plant experts Graham and Beth McDonald will share with you

How to design your garden to attract butterflies all year
The best nectar plants for feeding adult butterflies
Essential larval host plants for breeding and lifecycle support
Ways to bring more butterflies into your garden
How to encourage a greater diversity of species
Whether you're a seasoned native-plant lover or just beginning your butterfly journey, this talk will give you practical insights to transform your outdoor space into a living, fluttering tapestry.

Please book through Eventbrite - the event is free (but we'd welcome a donation at the door!)

https://www.eventbrite.com.au/e/2003276850988?aff=oddtdtcreator

We hope to see you there.
Warm regards
Rita Duval
